

SSF HAZARDOUS WASTE REMOVAL

Overview

With the cost of landfill increasing every year, incidents of fly tipping and people dumping waste are on the increase. You may not be aware but as the government tightens legislation every year more and more common items are classified as hazardous waste.

This illegal dumping of waste is not only toxic and damaging to the environment but causes an eyesore, obstruction, provides vermin a home or produces unpleasant odours.

Safe Site Facilities are fully licensed to remove and dispose of all classes of hazardous waste

Chemical spills cleaned leaving site clean and safe

Fully licensed to carry waste
