

## SSF HUMAN WASTE DISPOSAL

### Overview

Not only is human waste unpleasant, it poses a real health risk via the transmission of disease. The disposal of human waste must be carried out carefully and hygienically by licensed human waste removal companies such as Safe Site Facilities, and a site thoroughly cleaned afterwards to ensure the complete removal of any remaining harmful bacteria.

Sub-contractors are fully licenced

All staff are experts in their field

Emergency response

Area is left clean and sanitised avoiding future health risks

Waste is disposed of ethically

Nationwide service
