Temporary Pedestrian Walkway Mat

Ensure safety and efficiency on your construction site or outdoor project with our Temporary Pedestrian Walkway Mat in Black and Yellow.

Specifically designed to highlight safe crossing points for both contractors and the public, this mat offers a durable and eco-friendly solution for managing foot traffic in a variety of environments. Also available in Black and White.

Eco-Friendly & Long-Lasting. Made from 100% recycled rubber, this mat is not only tough but also eco-conscious. It's the perfect solution for projects that require a combination of durability and sustainability.

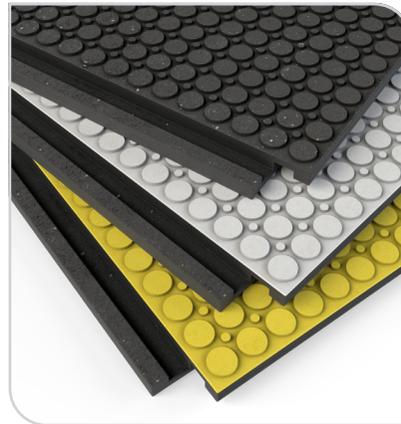

For added safety and convenience, we highly recommend pairing these mats with ramps for smooth transitions.

Key Features

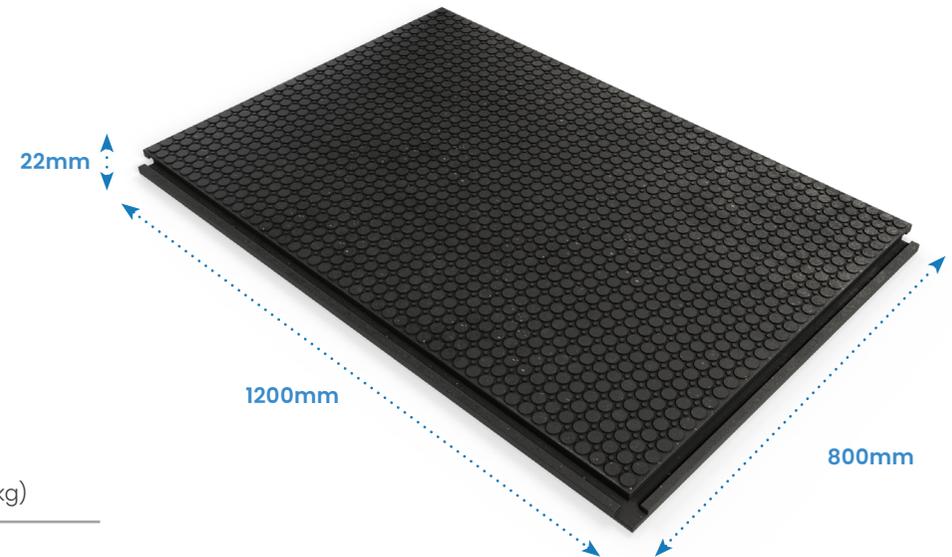

- 100% Recycled High-Grade Eco-friendly Rubber material
- Supports 10 tonnes, tested for 20 tonnes on solid ground
- Chemical & Oil Resistant – Withstands harsh substances
- Simple tongue-and-groove connection, no tools needed
- Quick to Clean & Store – Washable & stackable for easy storage
- Enhanced Safety – Creates stable, non-slip walkways
- 2 attachable ramp options available

Available in Black, White, Yellow

Non-slip Texture
