

POLICE PEDESTRIAN BARRIER INSTALLATION GUIDE

The Police Pedestrian Barrier is an innovative lightweight crowd control barrier used to secure spectator safety.

People to Install:

Equipment / Accessories Needed:

No accessories required

1

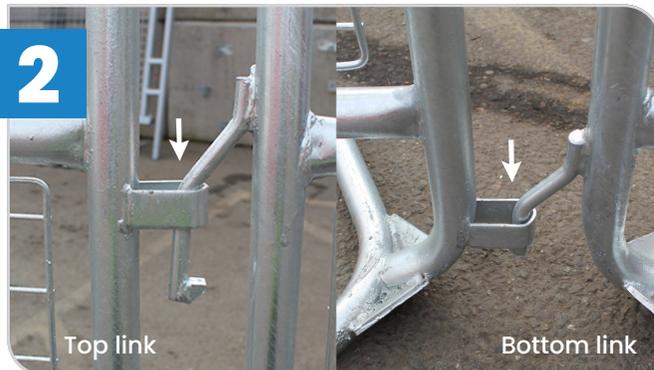

Set down each barrier alongside your desired fence line. Make sure that each barrier is facing the same direction.

3

Repeat steps 1 and 2.

2

To connect the barriers, place the hooks from one panel, into the loops of the barrier already positioned in place. Make sure that each panel faces the same direction.

Useful Tip: You can increase stability of your pedestrian barrier by adding ballast.

Wear the appropriate PPE for this task.
